## Management Discussion and Analysis Report

India is world's largest consumer of sugar having more than 600 sugar factories and families of 5 crore cane growers are dependent on this industry. The sugar so produced is usually consumed domestically and per capita consumption of sugar is around 19.5 kilo. The bulk users consume 62-65% of total production & only 35% is consumed by households. The annual consumption is estimated at 24.5 million tons against sugar production of 28.00 million tons in 2014-15. This is the fifth consecutive year of surplus sugar production in a row. The details of previous production is as under :

Year	Production in lakh tonnes
2010-11	24.4
2011-12	26.3
2012-13	25.1
2013-14	24.4

For the sugar industry this excess production is a cause of huge concern. The sugar production for the current season is expected to exceed 28.00 million tones and total exports are expected at 7 lakh tone. So with the total off take at 255 lakh tones the closing balance in the current season is expected to be 100 lakh tones, this leaves an extra surplus of 40 lakh tones, as normative carry forward sugar stock on 1<sup>st</sup> October (for new season) is around 60 lakh tons every year.

This huge extra stockpile of 40 lakh tones of sugar is extremely bad news for the already financially ailing sugar industry. With ex-mill sugar prices trading at 6 year lows, this surplus stock will continue to keep prices low and much below the cost of production. In the last 6 years cost of cane has increased by 70% whereas price of sugar has fallen drastically. The retail sugar prices which was Rs. 40 per kg in September 2012, is now Rs. 26 per kg i.e. reduction of 35%, whereas coast of all food commodities has increased by at least 25% for the last three years.

Sugar cane prices are fixed by Government of India, which is called Fair & Remunerative Price (FRP) and that becomes minimum price for purchase of sugar cane which is at present Rs.220.54 at a recovery rate of 9.5%. Moreover 5 states have fixed their own State Advised Prices (SAP) which is Rs.295/- for purchase of early variety, Rs.285/- for mid variety and Rs.280/- for purchase of sugar cane, these are much more than the Fair & Remunerative Price (FRP). This dual prices system should be done away with and instead cane price formula as suggested by the Rangrajan Committee should be implemented whereby cost of cane is linked to the cost of sugar and its primary by-products. Some States mainly Karnataka and Maharashtra have implemented this formula for fixing the price of sugar cane. (Source –ISMA journal) Along with this, thrust should be given to sugar exports, so that surplus stock could also earn foreign exchange for the country, without depressing the domestic need.

## **Distillery**

The Excise & Taxation Department of Punjab, in its Excise Policy for the year 2015-2016 has fixed the sale price of country Liquour (Ex Distillery issue price) Rs. 269.60 for Pints and Rs. 314.02 for Nips per case. The Company has plans to enter into 75 degree of Punjab Medium Liqour (PML)

## Ethanol

For a permanent solution to tackle surplus sugar stock & dwindling prices of sugar, so that it doesn't affect the price of sugar , the compulsory ethanol blending programme which is mandatory at 5%, should be raised to 10 % with adequate incentives of higher ethanol procurement prices. This will divert the surplus sugar stock into ethanol production and also give better returns to farmers.

## Out Look / Projection :

The company's projection on crushing of sugarcane for the current year 2015-16 is dependent on the prices of sugarcane & finished sugar, which are not viable in the present scenario.

The company will supply the entire quota of Punjab Medium Liqour allotted to the distillery by the Government of Punjab and it will endeavour to sell free quota also.

Risk and Concern

The steep escalation in the prices of sugarcane & raw materials will adversely affect profitability of sugar mill & other products of the company.

In spite of surplus for the last 5 years, imports were allowed under the grab of advance license, which further flooded the domestic market.

Competition from the other distilleries in the state of Haryana may affect the sale of Country Liquor.

## Internal Control System & their Adequacy

The auditor have felt that the company has a reasonable system of authorization at proper levels with necessary controls on the purchase of sugar cane, issue of materials and components & other related system of Internal control is commensurate with the size of the c9inpany. They also felt that the company has a reasonable system of recording receipts of raw materials and components and the company is recording the sales and purchase through the software. The Software engineers regularly check software programme.

## Material Development in HRD/IR

The company has appointed regular staff, technical staff etc. along with contractual & seasonal staff for the efficient working of all the units of the company.

## Independent Auditors' Report

#### The Members,

M/s Piccadily Sugar & Allied Industries Limited,

Report on the Financial Statements

1. We have audited the accompanying financial statements of M/s Piccadily Sugar & Allied Industries Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit & Loss account, the Cash Flow Statement of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.

## Management's Responsibility for the Financial Statements

2. The Company's Management is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Company in accordance with accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014. The responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design; and implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We have conducted our audit in accordance with Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal financial control relevant to the Company's preparation and fair presentation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place an adequate internal financial controls system over financial reporting and operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of financial statements.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

## Opinion

In our opinion, and to the best of our information, and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;

In the case of the Statement of Profit and Loss, of the Loss of the year ended on that date; and

In the case of Cash Flow Statement, of the cash flows for the year ended on that date.
