MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Government has loosened its tight grip on the sugar sector by announcing on 4th April 2013, the partial decontrol of sugar industry. For almost four decades the sector was being completely repressed by archaic rules & regulations which crippled the sector financially and subverted its competitiveness in a fast growing economy. It was reaching a tipping point and the viability of the sector was doubted.

In such a tough situation, the Governments decision to remove the levy sugar burden on the sugar mills and to do away with regulated release mechanism has given the sector much needed lifeline. The sugar industry is expected to recuperate its annual loss of around Rs.3000 crores due to levy sugar withdrawal and also save on inventory costs as it does not have to carry forward extra sugar for indefinite period.

Though the industry is much relieved at the partial decontrol of the sector on sugar sales side, but the bigger goal is complete freedom from the Government both at State & Center level on sugarcane side controls too. The state Governments still control the sugar sector through minimum distance criterion between sugar mills, cane area reservation and control over sugar cane prices. An arbitrary high cane price in the country with no linkage to the price realization of sugar or any of its principal by-products is wrecking the financial health of sugar mills.

Future prospects

The Dr. Rangarajan committee which was set up by the Prime Minister in January 2012 to study and recommend reforms in sugar sector, also recommended reforms in sugarcane side controls in the second phase. One of the recommendations of the committee is to rationalize the pricing of sugarcane and it has favored a revenue sharing in the ratio of 70:30 between sugar cane growers and sugar mills on sugar and its byproducts. The Government has recommended that the recommendations of Dr Rangarajan committee relating to Cane Area reservation, Minimum distance criteria, and adoption of the Cane price formula be considered by the State Governments for adoption & implementation, as considered appropriate by them

Distillery

The Distillery Unit produces Extra Neutral Alcohol (ENA), Punjab Medium Liquor (PML) and Denatured Spirit (DS). Company produces Malta, Saunfia, Raspberry on 50 degree Strength & Yari dosti, Rocky whisky, Marshal Rum and Gin no 1 on 65 degree strength

Company has purchased a plot of land at Industrial Model Township (IMT) Bawal, Distt. Rewari, Haryana measuring 1.95 acres at a purchase price of Rs 3.98 crores from Haryana State Industrial & Infrastructure Development Corp. Ltd. Company proposes to set up a Grain based distillery. LOI for setting up distillery has already been taken by the company.

The Distillery unit meets with 100% pollution control norms.

Projection:

The company's projection on crushing of Sugarcane for the current year 2013-2014 is on the basis of availability of sugarcane.

The company will supply the entire quota of Punjab medium liquor allotted to its distillery by Govt. of Punjab and will make all out efforts for the lifting of open quota.

Risk and Concern

The steep escalation in the prices of sugarcane & raw materials will adversely affect profitability of sugar mill & other products of the company. Urban people in India are becoming more health conscious and are consuming very low quantity of sugar and other products of the company.

Internal Control System & their Adequacy

The auditors have felt that the company has a reasonable system of authorization at proper levels with necessary controls on the purchase of sugar cane & other products, issue of materials and components & other related system of Internal control is commensurate with the size of the company. They also felt that the company has a reasonable system of recording receipts of raw materials and components and the company is recording the sales and purchase through the software. The Software engineers check software programme at regular intervals.

Material Development in HRD/IR

The company has appointed regular staff, technical staff, Cane staff along with contractual & seasonal staff for the efficient working of units of the company.
